STATE OF MAINE.

LAND OFFICE,
BANGOR, May 1, 1858.

IN the discharge of my duty as "Agent to superintend and manage the sale and settlement of the Public Lands" of the State, the following notice is hereby given of the

Terms and Conditions of Sale:

In the Revised Statutes of Maine, Chapter 6 may be found all the provisions of law in relation to

The sale of Lands for Settlement.

Sec. 23. Out of townships located as designated for settlement, the Land Agent shall, from time to time, select, and according to law in a way to be offered for sale in lots for settlement; and publish a list of them and of the townships, offered for sale and such other parts of townships in which lands still remain for sale, in some paper in each county in the State in which any paper is published, once a week for three months, within six months after the selection is so made, with the substance of so much of this chapter as relates to the terms and conditions of the sale and settlement of such land.

Sec. 24. In townships so selected, in which suitable roads have no been located, the Land Agent shall cause such roads to be located as the public interest and the accommodation of future settlers may require.

Sec. 25. To provide the settling lots shall be fifty cents per acre, for which the purchaser shall give three notes, payable in one, two and three years, in interest on the roads in such township under the direction of the Land Agent. The Land Agent shall thereupon give him a certificate, stating that he has become a purchaser of the lot or lots therein described, and that he will be entitled to a deed thereof, when he complies with the requirements of law. The certificate of the person appointed by the Land Agent to examine the lot, the laying out of the lots on the road, shall be evidence of the payment of the notes.

Only one lot, not exceeding two hundred acres, shall be granted to the same person.

Sec. 26. In case the payment of the notes, or any such purchaser shall be required, within two years from the date of his certificate, to establish his residence on his lot, and with a four years from such date to clear, on each lot not less than fifteen acres, on at least of which she l be well fenced down to mineral; and to build a comfortable dwelling house on it.

Sec. 27. If the purchaser fails to perform any of the duties required of him, or to pay his notes, he forfeits all right to the land, and the Land Agent may dispose of it to another person.

Sec. 28. The Land Agent shall appoint some suitable person or persons in the vicinity to be employed in the location of settlers, the payment of their land labor and the performance of their several duties.

Sec. 29. Whoever purchases a lot of wild land of the State, but exceeding one hundred and sixty acres, and complies with the conditions of purchase, may hold it with the improvements thereon free from attachment and levy on execution, while he remains in actual possession thereof. The value so exempted shall not exceed one thousand dollars, to be set off to the owner in such portions of the lot as he directs, by three persons appointed for that purpose by the Land Agent as a real estate is set and appraised on execution.

Sec. 31. On the decease of such purchaser, each lot and the improvements shall descend to his children, subject to his widow's right of dower, and shall not be liable to be sold for the payment of his debts, except in case his other property is not sufficient for the payment thereof; and in that case, his children shall have the occupancy and improvement thereof, subject to the widow's dower, until the youngest surviving child attains the age of eighteen years. The residue of the estate, after the life estate of the widow, and after the youngest surviving child attains the age, may be sold on other estates of deceased persons for the payment of such debts as the estate of the deceased is not sufficient to pay; if he dies without heirs, such lot shall descend and be disposed of as any other property.

Sec. 32. No [illegible] shall convey his said lot by deed, unless his wife joins therein, and acknowledges it to be her free act and deed, before a proper magistrate.

Sec. 33. The Land Agent may sell to public or private sale for such prices as he considers fair and for the interest of the State all tracts of land owned by the State on islands or in unincorporated towns.

Under the provisions of this law, there have been already located and designated for settlement, and by former Land Agents selected and published for sale, the following townships, viz:

Township.	Acres sold.	Township.	Acres sold.
11, R. 1,	6,137	7, R. 4,	21,321
6, R. 1,	10,982	12, R. 4,	22,600
5, R. 1,	22,240	11, R. 5,	21,117
4, R. 1,	6,139	6, R. 5,	1,400
3, R. 1,	21,360	5, R. 5,	1,680
6, R. 2,	18,329	5, R. 6,	13,093
11, R. 3,	19,919	10, R. 6,	16,771
10, R. 3,	9,157	11, R. 6,	3,200
12, R. 3,	23,060	7, R. 7,	11,152
11, R. 4,	16,087	6, R. 8,	13,425
10, R. 4,	23,060	11, R. 4,	3,680
	22,157	13, R. 6,	1,412

In addition to the foregoing, there were located and designated for settlement, by a Resolve of the last Legislature the following townships, viz.—Letter G., R. 1; T. 10, and N. M. R. 1, West half of 2, R. 5; and T. 3, R. 3; all west from the east line of the State.

These townships will be located and ready for the market, so fast as the future wants of settlers shall require. The only notes and plans of all the townships which have been located to interest, are in the Land Office, in my charge. Any person, where all information, will be given by the Agent, as necessary in individuals and companies the Senators and Representatives in the Legislature for actual settlers on such lands as may be given.

Hitchcock's Combination Scotch and Force Pump.

FOR SALE, a new kind of PUMP—suction and force—different from any thing now in use, for upholding, &c. You can draw water from a deep well and force it to any part of your building at the same time, in case of fire or any other exigency. You can have it with or without the force part. Any person, with a jack-knife, can put it in the repairing that it will need for twenty years. It will not freeze in winter and is capable to force up like water Pumps. It has received the first premiums at four State fairs, and numerous county fairs.

Rights for sale, and also the Tin Shop of P. H. MILLS, Exchange street, Bangor, where I shall remain for a few weeks. Town rights for sale.

Freights for Vessels

OBTAINED

On Commission,

By BETH E. BENSON,
Commission Merchant,
No. 1 City Point Block.

CAPTAINS, visiting this city for employment will find my office a lot of all Freights ready in the market, executed daily, and will be charged a commission on the Freight, if they are introduced to me. Shippers of Lumber, or any other articles of Merchandise, will confer a favor if they will call and make their wants known, and every facility will be afforded them, free of charge. A list of the vessels in the market will be kept, stating their capacity, &c. Captains of vessels are respectfully invited to call and enter their vessels on the list, and if they do not receive any benefit will ask them no pay.

Lumber of all kinds for sale on commission. Orders for Blanes alone, of all kinds, filled at short notice and on as favorable terms as by any dealer in the market.

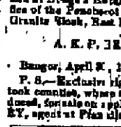
BETH E. BENSON.

April 20th

Otis' Lightning Rods.

The only Patent which affords absolute Protection against Lightning, as demonstrated by science and experience.

This Rod has been extensively used along the Southern & Western States, West Indies and the Canadas, since 1851, and though it has been struck in hundreds of instances, it has never failed to protect.



The great amount of damage done recently by lightning has called attention, as it should, to the protection of building by the use of Lightning Conductors. It is all important that the rod used should be one that *will give protection*, and in roofing buildings it should be done by one having experience in the business.

Mr. Reed, former partner of S. P. M. Kimball, now proprietor of the patent for Potash out Co., has returned to this city to commence business for the coming season. Having had large experience, he assures the public that all his work of this kind will be done in a thorough, neat, and scientific manner.

Samples of this Rod, and certificates of its merits from many of the most eminent scientific men in the country, may be seen at D. M. HOWARD'S Store, on Exchange street, No. 15, and at Hodge's Hotel Harlow st., and at the office of the Penobscot Mutual Fire Insurance Co., Granite Block, East Market Square, Bangor.

J. D. REED, Proprietor.

A. K. P. JERRY, Agent for the sale of Rods this season.

REMOVAL.

United States and Foreign

PATENT AGENCY.

SAMUEL COOPER,

Late Principal Examiner of Patents to the United States Patent Office, at Washington,

HAS REMOVED HIS OFFICE TO

WEBSTER BANK BUILDING,

13 Exchange Street, Boston,

PATENTS secured in the United States, and in all other patent-granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Reissues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured thro' prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From the Hon. Charles Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb. 27, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been employed as Solicitor, and has been in that capacity to constant correspondence and intercourse with the Office, he has evinced thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him As one of the very best agents for the prosecution of business with the office with whom I have acquainted.

CHARLES MASON, Commissioner.

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have all several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the duties and practice of the office, and that he satisfactorily performed as much as eminently fit him for the business in which he is about to engage.

HENRY R. RENWICK, } Principal
L. J. GALE, } Examiners.
B. F. LANE, }
F. SOUTHGATE SMITH, } Assistant
THOS. P. EVERETT, } Examiners.
WM. C. LANGDON, }

From long acquaintance and intimate official relations with Mr. Cooper, I most heartily concur in the foregoing recommendation made by my fellow clerks.

WM. P. N. FITZGERALD,
Late Principal Examiner of Patents.

Safety, Utility and Beauty,

New England Tube Coupling Company.

STATE RIGHTS FOR SALE.

WE are now exhibiting this desirable invention to the public. The Patent Tube Coupling is an article which needs only to be seen to be appreciated, and universally adopted. By this Coupling the Tube is attached to the whole fixture *instantaneously, without using the hands*, cannot be disconnected by *accident*, is stronger and more *durable than any other* attachment now in use, and makes what is so desirable in a fine carriage, an *excellent finish*.

The Couplings are manufactured of different Materials, from the common finish to the *finest silver plate*, and can be supplied at a *lower cost* than any thing that is now used for that purpose, leaving a margin for an *immense profit*. Any person with a moderate capital can soon realize a fortune in its sale.

We are prepared to furnish the Couplings, of the different grades and costs, in quantities as desired, to those only who purchase State rights.

The Coupling may be seen at the office of the Company, where a scale of prices may be obtained, and all communications must be addressed to "THE NEW ENGLAND TUBE COUPLING COMPANY, *Basement No. 3, Old State House, Boston.*"

HIGHLY IMPORTANT DISCOVERY.

Fousel's Pabulum Vitæ

Has now gained its position before the public as

THE ONLY REMEDY

yet discovered for the speedy relief and permanent cure of

CONSUMPTION,

Coughs, Colds, Hoarseness, Bronchitis, and all other Pulmonary Complaints.

The discovery of an eminent French Physician after many years of study and observation, it eventually meets with the most

ASTONISHING SUCCESS

in the treatment of the above complaints.

The unabated popularity, numerous certificates of remarkable cures, the recommendation of some of our most eminent physicians, and the analysis of Dr. A. A. Hayes, the state Assayer, all give indisputable proofs of

THE UNRIVALLED VIRTUES

And Unequalled Superiority

of this preparation to any other remedy now extant, and are constantly coming to give it a wider and more enviable reputation. From its volatile nature, it absorbs vapors freely, and consequently it DIRECTLY IN ITS ACTION TAKES THE LUNGS AND AIR PASSAGES.

The discredit which has been thrown upon all preparations not prescribed by regular physicians, by reason of the recklessness with which worthless and injurious compounds have been imposed upon the public, will, no doubt, for many years enable themselves of the benefits of its preparation, the agents never assures the public in all sincerity, that his medicine is not only *perfectly safe, and far from all other Intoxicating* preparations, but guarantees it will effect all that he represents, not having heard of a single case where it has failed to give satisfaction.

It is warranted to cure

Consumption by using one to Six Bottles;
Bronchitis by using One to Three Bottles;
Coughs by using less than One Bottle;
Colds by using it Two to Six Days.
Bleeding of the Lungs by using less than One Bottle;
Hoarseness by using less than One Bottle;
Soreness of the Chest by using less than One Bottle.

Price $5 per bottle accompanied by a Treatise. For sale by

THE CRYSTAL OIL LAMP,

For Burning the Crystal Oil,

Combining Economy and Safety!

PATENT RIGHTS

FOR STATES & COUNTIES FOR SALE!

This important invention for producing the *cheapest* light in the world, is now perfected and offered to the public. Numberless other attempts have been made to produce a safe light, but were attended with such inherent objections as to destroy their utility as a burner. But the Crystal Oil Lamp, while it is the *cheapest* to use, safe and agreeable in every position, burning a *clear, white and brilliant flame*, entirely free from *smoke or odor*. There is no danger from explosion, but is *perfectly safe* under all circumstances. The oil can be used in any lamp without fear of sealing the wicks permanently. The lamps are simply arranged and perfectly portable by the children and domestics, and is constructed that the light can be raised in a moment from that of one to eighteen or twenty burners. While it is free from the disagreeable smell arising from the Kerosene, and the danger attending the use of burning fluid, it is found upon accurate comparison to produce

As much LIGHT for ONE CENT as Kerosene will for Two Cents, or Burning Fluid will for Six Cents.

This saving five-sixths of the entire amount now expended, or the price of the lamp in about a month. They are adapted to all situations making the cheapest and most desirable light for every place—the largest halls or churches as well as private dwellings. The patent on this is prior the different States and Counties throughout the Union, with the exclusive sale of the Crystal Oil, is now offered to the public, presenting a rare opportunity for merchants to secure for themselves the monopoly of a trade entirely free from opposition. Facilities are completed for the manufacture of the lamps in such quantities that they will be furnished to the purchasers of rights in any style, at such a cost as will yield an almost incredulous profit. These rights will be closed off immediately, and the lamps and oil delivered as soon as desired. As no lamps or oil will be sold to any but purchasers of rights, all letters making the request will not be noticed. Communications addressed to the "Crystal Oil Lamp Co., No. 6, Merchants Row, Boston, will be promptly answered to.

Republican Nomination.

FOR GOVERNOR,

LOT M. MORRILL

The Nomination for the Sixth District.

Our Republican friends of the Sixth Congressional District, have nominated Hon. Stephen C. Foster for re-election,—and they could not have taken a better man. Their district is to be the object in this campaign of a desperate assault by the administration and its army of office-holders and pensioned agents. The Republican majority at the last Congressional election was smaller in the Sixth than in any other District, and hence it is selected as the point where an assault can, if anywhere, be successfully made. Not only will the official influence and money of the pro slavery administration be freely used to carry the district, but the most outrageous gammon and bumbug will be resorted to by the Buncker candidate himself, and by his friends, to cheat the people out of votes enough to insure his election. They know that there is not the slightest chance of carrying the district on an open platform of principle and acted upon by the party. They dare not make even an attempt to carry on the campaign under their true colors. Not a word do they say to the people about the democratic doctrine that the Constitution carries slavery into every territory of this Union, in spite of the opposition of the people thereof. Not a word did they say of this *practical denial* of popular sovereignty, about which they prate so loudly.—Neither do they set forth the their resolutions the "democratic" doctrine that colored men were not are held to have no rights which white men are bound to respect,—this as well as the former doctrine, being rejected and recognized by the slave democracy, and even by the anti-Leccomptonites, with Douglas at their head, when they endorse the opinions of the Dred Scott decision. They do not quote in their resolutions the declaration of President Buchanan *"that Kansas is to-day as much a slave State as Georgia or South Carolina,"* whether the people want slavery or not. Nor do they set forth the fact that the REPEAL OF THE FIRMEN BOUNTIES PASSED BY THE SENATE AT THE VOTES OF THE DEMOCRATIC MEMBERS—every Republican voting against the repeal—and that a *democratic committee recommended the speedy admission of British built vessels to a full and free competition with our navigating and ship-building interests.* Not a word of all this, (and there is more of the same sort,) do the wiley office-holders set forth in their resolutions. Not a word of it will Dion Hedbury declare from the stump. On the contrary, the resolutions utterly ignore the Calhoun Breckin now held by the party, and with the coolest brass impudence pretend that the democratic party is going to defend the principles and the purposes of the Declaration of the States. The simple and deceitful "artful cat" candidate of this false democracy will declare, and he ready to swear till he is blacker than a black Republican, that the Democratic leaders love the people, and that the democratic party never did and never will endeavor to destroy their interests. All that lying, chicanery and hypocrisy can do, will in fact be done with but scruple, to gain a triumph which would at once be trumpeted throughout the Union and claimed by the South as a verdict from the north in favor of its administration policy, including border ruffianism, Lecomptonism, Dred Scott, and every other principle of modern democracy.

The Republican candidate, however, is a man who can and will meet the sophisms and falsehoods of the pro-slavery candidate, and expose him at the party at their true colors. Active, energetic, talented, and filled as he is with ardor for the glorious cause of freedom, we repeat that the Republicans of the Sixth District could have no better candidate than Stephen C. Foster. Let every Republican do his duty in this campaign, and he is sure of a triumphant election! There is no doubt only work to be done—for the enemy is both desperate and crafty. What the slave democracy cannot do by fair voting, will be attempted by any and every means, not excepting the peculiar methods of their border ruffian brethren. But if the Republicans are only faithful in their labors,—if their organize reasonably and thoroughly, and fight the good battle with half the vigor which their opponents will expend in a bad cause, the gates of —— cannot prevail against them!

Personal. Hon. Bion Bradbury, the Democratic candidate for Congress in the Sixth District, was in town on Saturday, on his way home from the West.—*Union.*

And so were the Hons. Shepard Cary of Houlton and George P. Sewall of Oldtown.—They were undoubtedly in consultation, to devise ways and means to humbug the people of the Sixth District in the election of Bion to Congress. It must be confessed that the trio are possessed, as Burns once said of another great rascal, "of mighty sma' pouers" for anything.

The Republican Conventions. We understand, that the respective Committees have agreed to call the Fifth District Convention at Exeter on the 11th of August, and the County Convention to this city on the 19th of the same month.

LOCAL AND MAINE NEWS.

Appointment of Lincoln Agent.—At a special meeting of the Mayor and Aldermen on Monday evening, George Wellington was appointed a Lincoln Agent for the sale of liquor under the new law, at a salary of $500, and the Mayor and Aldermen Hall were constituted a committee to make purchases of liquor.

The Season.—The late warm rains in this vicinity have gladdened the hearts of our farmers, and the growing crops are now looking finely. We are indebted to Boston papers yesterday for a paragraph speaking of the height of some corn in their vicinity, as being three feet nine inches. We can beat that easily. There is some corn growing at the summer residence of Warren Brown, Esq., in Westbrook, four feet four inches high.—*Portland Advertiser.*

We think Abolitionism can be beaten down east.—Although nothing has put seasons to gardening—we can show corn in our farm little patch which stands over four feet high, and will measure 6 feet 9 inches if "stretched up." Some of our neighbors can perhaps show better than that.

The steamer and other dealers of Portland went on an excursion to Harpswell yesterday.

The ladies of Bucksland are going to have a Clam bake on the Islands, to which all the good looking men in town are invited.

Professor ——L. Ingraham, of the Portland and writer of celebrity, and who formerly resided in this State, but who has been for several years a clergyman of the Protestant Episcopal Church, has recently received a call as Rector of Christ Church, Holly Springs, Miss., and also to the charge of the School in that town, known as St. Thomas Hall.

The Republican Convention for the Fourth Congressional District is to be held at Waterville on the 18th of August.

A "Dandy" too Much—Yesterday a chap while lounging in fashionable fix the Eastern Railroad Bridge, not meeting with very exciting success, and having been mobbing a little too much, fell asleep, with his legs hanging over the bridge. In this position, not for some time, but long enough to make us a little too far, when he set his balance, and pitched head first overboard. This cool bath had a tendency to revive his stupefied senses and he clung to the piles of the bridge shouting for help lustily; but no one coming to his rescue, he was obliged to swim from post to post until he reached the Cape Elizabeth side, when he started for home minus his hat and boots.—*State of Maine.*

Schooner Ann Denman, of Lubec, was wrecked near Isle Islands. The captain, crew and part of the materials were brought to Halifax on the 12th. The Ann Denman was an old vessel, of 80 tons, built in Robbinston, Me, in 1857.

Dark Affair.—On Friday, 9th, Mr. Osborn A. Mosher was riding on the Old Freeport road, was struck by a horse, a drove came out of the woods, and very near to him, and remained for some minutes without any fright.—*Portland Advertiser.*

It is very unusual for deer to be seen in that section of the State.

Alton Bank U. D. On Saturday evening, July 31, this Division, No. 27 Sons of Temperance, at Alton village, elected the following officers for the ensuing quarter:

John B Cowin, W. P.
R W Crawford, W. A.
Joseph Whitcomb, R. S.
E Mitchell Jr., A. R. S.
M B Bryant, F. S.
O E Geary, T.
Rev E Emerson, C.
W J Crosby A. C.
Charles Wagner, S.
E M Emerson, C. S.

Hard Case.—A woman, named Odlin arrived in the city on Saturday with four children, and the way from Ohio, at the invitation of a brother-in-law named Charles B Smith. She says she cannot find him as he is not entirely destitute.—*Times.*

Firemen's Excursion.—Eagle Engine Co. No. 5, of Dexter, accompanied by the Bay State Brass Band, visited Gardiner, Augusta, Waterville and Bath, on the first of September. On their arrival a Gardiner they are to be the guests of Fire Engine Co No. 3.

Escaped and Lost.—John Knights, who escaped from our House of Correction a short time since, and then got into the Biddeford lock-up, escaped from there on Friday, and after a short pursuit was re-taken and will now try the quarters at Auburn, and see how he likes them. He probably will find it hard to get out, except by the door.

Wm. Dank, who escaped a few nights since from our House of Correction, has been apprehended in Cape Neddick, (York Co.) and returned to his old quarters in a hurry.—*Port. Adv.*

Hon. Hannibal Hamlin's Convention at Columbia was a rum, split set affair. The history of the Republican movement and party of it

It was a Lincoln Convention, successor to those grand political tournaments, at which from time out of mind, Fessenden and Brown, Cary and Hodgdon, Lowell and Jo Jarvis have mingled in many a passage at arms, each sector, flanked by hosts of zealous friends. But it entered little into those old gatherings, that have made this corner district so famous in the annals of politics.

Neither Cary nor any of his "pronouncy" were on the ground. A rooster did not hoot, much as the whisper of one of his pinions in the proceedings. Hannibal was manfully represented by a few of the Custom House men, and one other gentleman, we do not know from what branch of the public service. The latter will allow us a tendance, which from estimating its numbers in the church and at the hotel we judge to be about a persons, mostly from the central portion of this county.

Our democratic friends were full of speculations for the poor show of numbers, and begged hard on to ridiculous terms. It might be made on the subject.

The Convention did not proceed since 2 before noon.

The action of the Union suggests for the opposition a name which evidently sprung from the fragrant fancies of the Augusta sheets. The "Wrong-doodle" party appears to have been very enthusiastically represented in the Democratic Ite to Convention.

The Washington correspondent of the New York Times says that Douglas' Chicago friends is rejoiced, of course, at the admission of the Cabinet, for they regard it as widening the breach between him and the Administration Democracy in the country, hanking

From the Correspondent of the N. Y. Tribune.

The New Gold Region.

The Fraser River Mines and their Influence on California.

San Francisco, June 21, 1858.

We have had four or five arrivals of steamers from Puget Sound during the last fortnight, and they have brought down a number of letters and papers from the mines. These letters and the published statements of the returned men, contain all the positive information as to the extent of the Fraser River mines, but they convey the idea that the diggings, so far as examined, are rich, and that great confidence is felt that they will be found to be extensive. This is the general purport of all the news which we have received, since the sailing of the last steamer. We have not heard of any good diggings being found in any place except on the bars of Fraser River, beginning about 90 miles from its mouth, and extending up along its banks a distance of 30 miles. It is supposed that there are rich diggings on the bars higher up, and on the tributaries of the interior are it, seems about the excitement; they (those) against it, they pray against it, their interests (), and some of the saints would be willing to fight against it, if fighting could be of service. The depression of business in the interior is very great. Property is selling in value, as brokers are proclaiming that the grass shall next year grow in the streets of the largest mining towns. In Sacramento and Stockton there is no life except at the stage offices when the stages arrive, and about the saloons where they go away. Farms and stores are offered to sell at great sacrifices; money is rising in value, and lobbs likewise. Merchants and agents are demanding higher wages; earpenters have raised their prices from $6 to $8 per day; common hodmen from $8 to $4; Brothers on the steamboats from $60 to $90 per month; and so on through all the branches of employment wherein men are hired by the day. The contractor of the Sacramento Valley Railroad has employed Canadians, because of inability to get white men. Many of the quartz mills have stopped, and almost all will have to stop if the tunnel drain continues for two months more.

The rush to Fraser has made San Francisco very lively. Never since '53 has the city presented such a busy appearance as now; no hands so much excitement prevailed then on account of any time since 1856. Indeed, little has come again. California is crazy, and the rest of the world will soon be in the same condition. Business is to get drunk on gold again; completely by the million will pour in from Europe; speculation will turn over its lumps like flame over a sea of camphene; and many will amass fortunes, and the mania gain in wealth with a speed unexampled in one past. This paragraph is unnecessary with what I had before written; but I shall let it stand. I wrote this candidly, presuming, according to principles universally recognized among California miners, that where large bars are rich with fine gold near the mouth of so large a stream as Fraser River, there must be a very extensive good-bearing district in the valley above; and when I spoke doubtingly of the extent of the mines, I was assuming the doubts which a prudent man may, and perhaps should, force himself to act upon, and which seemed proper for me as your correspondent to exercise.

The price of passage in the steamers from here to Victoria is $50 in the cabin and $30 in the steerage; and $10 from Victoria to Fort Hope.

Lyles, pressmen and printers have gone to establish newspapers at Victoria, and you may expect to receive copies of them by the next mail.

The total amount of gold dust which has arrived here from Fraser is about $20,000.—The last steamer brought $10,000 to Wells Fargo & Co.

Preparations are now taking here for establishing all kinds of business houses in the mines. As an instance, I mention that Mr. Stitt, a newspaper dealer in this city since 1849, and well known by name to most Californians, told me this morning that he is preparing to start with a stock of books, stationery and newspaper, to the point 40 miles above Fort Yale. That country will be developed so rapidly, that nothing but the electric telegraph would suffice to keep the civilized world "posted" as to the growth of its towns and the course of its trade.

"Death Sits Every Day."—Many years ago, when still for me relief of an aged officer was under consideration in the Senate, a member who wished, it not said, suggested that it could be well postponed.—"Congress sits every year," Mr. Plumpatts, a Frenchman, of Kentucky from Louisiana, who advocated the bill, pointed sympathetically to the venerable petitioner, quaintly in the lobby, and exclaimed.—"But, Mr. Speaker, Congress sits every year, but *Death sits every Day*—look!"

In Kansas, two weeks ago, Miss Drusa Baker, a girl of seventeen, married a man of seventy-five, upon the condition of one of his pet dead opponents. That is a common way of settling "political issues amongst bad fellows."

The following are two resolutions presented to the Ohio Republican Convention at Columbus, July 13, by the Hon. B. F. Wade, Chairman of the Committee on Resolutions, and, unanimously adopted:

Resolved, That the astounding disclosures of the corruptions and corrupt prodigality of the National Administration, which in the best period of eighteen months of profound peace, has exhausted an overflowing treasury, and added to the public debt $40,000,000, without any visible indication of a proposed remedy, or cessation of the evil, submits to the people to choose between the alternatives of national bankruptcy or national reform.

Resolved, That we invite all men of all parties to join with us in restoring the government to its original purity and principles, and preserving it as an inheritance to those who may come after us.

Shorter Capital.—Our opponents are getting short of capital for the campaign; and so they resort to every sort of trick. The last card in Brunswick, where it seems they secure the services of ex-Gov. Dunlap and Col. John Rogers (both well-known Democrats) as chairmen and secretary of a temperance meeting; and then went to work and passed some resolves fully endorsing the liquor law legislation of last winter. This is a contemptible trick, we have no doubt. Gov. Dunlap and Col. Rogers, we believe, are firm supporters of the Democratic party in both state and national affairs, and will vote for the Democratic candidates this fall.—*Argus.*

We have not the slightest doubt that both Gov. Dunlap and Col. Rogers will vote the Democratic ticket this fall," and that very fact is what gave point and significance to their participation in the temperance meeting at Brunswick. They showed by their action there, that they were resolved not to stand on a platform as the principal support to their political platform, (such as that course seems to be deserved by some of the prominent leaders of the Democracy. This is what votes the Argus, and as evidences accumulate that the people are determined not to have a rum candidate, it is important rage increases.

Gov. Dunlap, we understand, will probably be the Democratic candidate for Congress in the Second District, and if he is, it is presumed that he runs as a Democrat and supporter of the National Administration, and not as an advocate of free rum and grog shops.—His position is certainly a more desirable and more respectable one than that occupied at present by many of his fellow partisans.

Portland Advertiser.

The River Opposite Vicksburg.—We learn from accurate measurements, by a scientific gentleman, that the Mississippi River opposite this point is now *forty-eight and a half feet* above low water mark. The present depth of the channel just below the wharf boat, opposite the Prentiss House, is *ninety-seven feet.*—The usual average width of the river between Vicksburg and DeSoto, is *twenty-six hundred feet*—its width now, from the extremity of the water on each bank, is at least *three thousand feet.*—*Vicksburg Whig, Extract.*

New Use for the Photograph.—Speaking of the photographic copy of the declaration of independence taken upon a surface no larger than a pin's head which may now be seen in Salem, and can be seen with a powerful microscope, the Salem Gazette says:

"When such success is reducing the size of documents and likenesses has been attained by the photographic art, it is easy to imagine what might be accomplished in time of war, by the use of the microscope. The most important official document could be contained in an ordinary wax patient and worn by a spy in an enemy's camp, or by a traitor eager to injure an active army of his own country."

A land advertiser for a "competent person to undertake the sale of a new medicine," and adds that, "It will be profitable to the undertaker."

All the officers of the Kane expedition are now dead.

There are but three Revolutionary soldiers in Ohio.

SPECIAL NOTICES.

HEAD QUARTERS, Ninth Division;
Bangor, July 6, 1858.

The Troops composing the Ninth Division of the Volunteer and Active Militia of Maine, will assemble at Belfast, (Waldo County,) on TUESDAY, the thirty-first day of August, next, at ten o'clock in the forenoon, for the purpose of Inspection and Company drills; and the aforesaid Troops are required to remain in Camp three days, subject to such Rules and regulations as may be according with the laws of the State and agreeable to military discipline.

Colonel Isaac B. Norcross, of the First Regiment is hereby charged in full command, and the several Companies attached to the said Ninth Division in support at the time and place above indicated, in full equipment, and in readiness to perform the above described duties.

By order of Maj Gen G. G. CUSHMAN,
Commander of the Ninth Division.
Charles W. Roberts, Aid de Camp.

HEAD QUARTERS,
First Reg., Ninth Division.
Bangor, July 19, 1858.

GRAND
Floral Entertainment!!

225 Children in Concert!

THE
Little Singers
Of Bangor, and are pleased to their many friends and the public generally, that they will give a

GRAND
FLORAL CONCERT,
—AT—
Norombega Hall,
On Tuesday Evening next the 20th inst.

At which time they will sing the

"FOREST FESTIVAL,"

OR

"A DAY IN THE WOODS."

In the "Forest Festival," the children are supposed to be assembled in a grove, to have a picnic at that time and celebrate the return of Spring. They assume various characters—sing to the Day, the Months, the Flowers—and end the Day by crowning a Queen of Flowers.

Tickets, 25 cents—to be had at the Bookstores, and at the door.

☞Doors open at 6½ o'clock—Concert to commence at 7½.
S. WILDER, Director.

Hitchcock's Combination
Suction and Force Pump!
FOR SALE, a new kind of PUMP—Suction and force—different from any thing now in use, for durability, &c. You can draw water from a 25 foot well and force it to any part of your buildings at the same time, in case of fire or any other exigency. You can have it with or without the force part. Any person with a jack-knife can do all the repairing that it will need for twenty years as it will not get out of order, and is put in able to freeze up like other Pumps. It has received the first premiums at four State fairs, and numerous county fairs.
It may be examined at the Tin Shop of P. R. MILLS, Exchange street, Bangor, where I shall remain for a few weeks. Town rights for sale.

Republican Nomination.

FOR GOVERNOR,

LOT M. MORRILL

SPEECH OF MR. LINCOLN,

IN REPLY TO SENATOR DOUGLAS,

At Chicago, July 10, 1858.

[We publish be ow the major part of the recent speech of Mr. Abraham Lincoln, in reply to Senator Douglas,—delivered at Chicago on the 10th inst. Unlike the speech of the Illinois Senator, it contains no brilliant and hollow sophistries, but is a plain, candid, common sense exposition of Republican doctrine, and an effective exposure of the anti-Republican heresies of false democracy—*Douglas* democracy included. Mr. Lincoln shows that the Republican party is at war to restore the government of the country to the channel in which the Constitution placed it, and in which it was running up to the advent of John C. Calhoun,—that it rewards the ultimate emancipation of every human being beneath its flag. And in showing this, Mr. Lincoln also shows that neither Senator Douglas nor the administration democracy are we to look for any aid in such a consummation. Mr. Douglas goes for an eternal "balancing" of slavery against freedom in this Union, so that this Republican land shall be *one-half* an odious oligarchy forever,—and the democratic party has prostituted the influence of its name and its organization to a direct extension and nationalization of slavery, so as entirely to overbalance freedom. The Republicans endorse neither the position of Mr. Douglas nor that of the party.]

From the Chicago Press and Tribune, July 12.

The audience assembled to hear the Hon. Abraham Lincoln on Saturday evening was, in point of numbers, about three-fourths as large as that of the previous evening, when Douglas held forth; and in point of enthusiasm, about four times as great. The essential difference in the two demonstrations was simply that the Lincoln audience was entirely instinctively for Lincoln, and the Douglas audience was but qualifiedly in favor of anybody. This will be admitted by any fair-minded man who witnessed both demonstrations. The Douglas authorities estimate the crowd on Friday evening at 30,000—or something more than the whole male adult population of the city. We presume that 12,000 is a liberal reckoning for that evening, and that 9 000 would about cover the gathering of Saturday night.

WHAT IS POPULAR SOVEREIGNTY?

Vast credit is taken by our friend the Judge in regard to his support of it, when he declares the last years of his life have been and all the future years of his life shall be, consecrated to this matter of Popular Sovereignty. What is it? Why, it is the vital principle of the whole. What was Squatter Sovereignty? I suppose if it had any significance at all, it was the right of the people to govern themselves, to be sovereign over their own affairs, while they were squatted down in a country not their own, while they had squatted on a territory that did not belong to them, in the sense that a State belongs to the people who inhabit it—when it belongs to the nation—such people as govern themselves was called "Squatter Sovereignty."

Now I wish you to mark. What has become of that Squatter Sovereignty? What has become of it? Can you get anybody to tell you now that the people of a territory have any authority to govern themselves, in regard to the most important question of Slavery, before they form a State Constitution? Not a thing at all, although there has been a battle made in every speech on that side, assuming that that policy had given the people of a Territory the right to govern themselves upon this question; yet the point is decided. To-day it has been decided [—more than a year ago it was decided by the Supreme Court of the United States, and is insisted upon to-day, that the people of a Territory have no right to exclude slavery from a Territory, that if any one man chooses to take slaves into a Territory all the rest of the people have no right to keep them out. This being so, and this decision being made out of the point of the mat Judge opposed, and one in the approval of which he says he never can agree to keep me down—put me down I should not say, for I have never been up. He says he is in favor of it, and seeks to sit, and expects to win his battle on that decision, which says that there is no such thing in Squatter Sovereignty, but that any man may take slaves into a Territory, and all the other men of the Territory may be corpsed to it, and yet by reason of the Constitution they cannot prohibit it. When that is so, how much is left of the vast matter of Squatter Sovereignty, I should like to know?

A Voice—It has all gone."

When we get back, we get to the point of the right of the people to make a constitution. Kansas was settled, for example in 1854. It was a Territory yet, without having formed a constitution, in a very regular way, for three years. All the time negro slavery could be taken in by any one individual; and, by that decision of the Supreme Court which the Judge approves, all the real estate in the people cannot keep it out; but when they come to make a constitution they may say they will not have Slavery. *But is that true?* they are obliged to tolerate it in some way, and all experience shows that it will by no other than violence when the negro slaves and, absolutely deprive them of their own. All experience shows this to be so. All that space of time that runs from the beginning of the settlement of the Territory until there is an efficiency of people to make a State constitution—all that position of time Popular Sovereignty is gone up; The Court decision, and Judge Douglas puts his on the top of that, to be by-standing to the people to give him vote for self in his devotion to Popular Sovereignty.

Again, when we get to the question of the right of the people to form a State constitution, do they please, by vote, to form it with Slavery, or without Slavery—if that is anything new, I confess I don't know it. Has there ever been a time when any one of the States to enter into the Union, or any of the Territories that should form their own Constitution? When is it not, the Judge Douglas should have sung to sleep at years of his life, and pledge himself to fight all the remaining years of his life for? Can Judge Douglas find anybody on earth before that anybody ever should form a constitution for a people? A voice—"Yes!" Well, it should take you to name him; I should like to know who he was. [Some voice—"John Calhoun."]

Mr. Lincoln—No, Sir, I never heard of even John Calhoun saying such a thing. He insisted on the same principle as Judge Douglas; but his mode of applying it is not worth stopping. It is enough for my purpose to ask those crowd, whenever a Republican and anything against it. They never said anything against it, but they have constantly spoken for it; and whenever we did undertake to examine the platform, and the speeches of reasonable men of the party, and of irresponsible men, too, if you please, will be unable to find one word from anybody in the Republican ranks, opposed to the Popular Sovereignty, which Judge Douglas thinks that he has invented.

Applause. I suppose that Judge Douglas will claim in all he thinks that is the inventor of the idea that the people should govern themselves [cheers and laughter]; that nobody ever thought of such a thing until he brought it forward. We do remember that in that old Declaration of Independence, ill to send that We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness; that to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed." These is the origin of Popular Sovereignty. [Loud applause.] Who, then, has a claim in this day and claim that he invented it. [Laughter and applause.]

LECOMPTON CONSTITUTION.

The Lecompton Constitution connects itself with this question for it is in the matter of the Lecompton Constitution that our friend Judge Douglas claims such vast credit. I agree that in opposing the Lecompton Constitution, so far as it can possibly be so right. [Good; good." I do not deny that at all; and, gentlemen, you have to ask me why I could not do as you, were I in Congress. But I do not wish to; for all the Republicans in the nation opposed it, and they would have opposed it just as much without Judge Douglas's aid or with it. I say that all taken ground against it long before I did it. Why, the reason that he urges against that Constitution I urged against it many a year before. I love the printed speech in my hand. The argument that I brought against the Lecompton Constitution was, that it should not be adopted, but the people were not fairly represented nor allowed to vote. I pointed out in a speech a year ago, which I hold in my hand now, that no fair chance was to be given the people.

The Lecompton Constitution, as the Judge tells us, was defeated. The defeat of it was a good thing as it was not. He thinks he defeated it; was a good thing and so do I, and we agree in that. Who defeated it?

A Voice—Judge Douglas."

Mr Lincoln—Now, he so wished himself, and if you suppose he controlled all the other Democrats that went with him he furnished three votes while the Republicans furnished twenty. [Applause.]

This is what it did to defeat it. In the House of Representatives he and his friends furnished some twenty votes and the Republicans furnished a body odd. [Loud applause.

Judge Douglas makes an appeal upon my recent speech at Springfield. He says they are to be the issue in the campaign. The first one of these points is based upon the language in a speech which I delivered in Springfield, which I believe I can quote correctly from memory. I said there that I was now far into the fifth year since a policy was instituted for the avowed object and with the confident promise of putting an end to Slavery agitation; under the operation of that policy, that agitation has not only not been arrested, but has constantly augmented"—A voice—"I think very strange."—I believe it will not cease until a crisis shall have been reached and passed. A house divided against itself cannot stand. I believe this Government cannot endure permanently half slave and half free." [Applause.] "I do not expect the Union to be dissolved"—I am quoting from my speech—"I do not expect the house to fall, but I do expect it will cease to be divided. It will become all one thing or all the other. Either the opponents of Slavery will arrest its spread where it is, and put it where the public mind shall rest in the belief that it is in the course of ultimate extinction, or its advocates will push it forward until it shall become alike lawful in all the States North as well as South." [Good, good.]

What is the proposition in this paragraph which I have quoted to keep heating, and to which I ask the attention of all Judge Douglas thinks his discovery was political heresy. I want you to see, gentlemen, what is the heresy as inferred from me. I say I am in favor of making all the States of the Union uniform in all their internal regulations; interfere in their domestic concerns. I am in favor of making them entirely uniform. I draw this inference from the language I have quoted to you. He says that I am in favor of making war by the North upon the South, or this extinction of Slavery; that I am the in favor of invading, as expressed in the South, a war upon the North, for the purpose of nationalizing Slavery. Now, is it possible enough. If you will carefully read the passage over, but I did not say that I was in favor of anything in it. I only said what I hoped and would take place. I made a prediction only; it may have been foolish or not so. I did not say that I desired that Slavery should be put in the course of ultimate extinction. I did not say it now; however, I must go along, so there need be no longer any difficulty about that. I may be written down in the next speech. [Applause and laughter.]

I have always hated Slavery, I think as much as any Abolitionist. [Applause.] I have been on Old Lick Log. I have always hated it, but I have always been quiet about it. Until the introduction of the Nebraska Bill began. I do not believe that everybody was excited in this, that it was in the course of ultimate extinction.

The adoption of the Constitution and Declaration of Independence by the framers of the Constitution itself. Why did those old men, about the time of the adoption of the Constitution, decree that Slavery should not go into the new territory where it had not already gone? Why did they not let it go into the territory where it had not already gone? Why did they not let it go into the territory where it had not already gone? Why did they not let it go into the

THREE DAYS

LATER FROM EUROPE.

ARRIVAL OF THE

NORTH STAR,

AT NEW YORK.

The Atlantic Telegraph Failure.

BREAK ON BOARD THE AGAMEMNON

The Niagara and Gorgon at Queenstown.

Public Mogret at Liverpool.

REPORTED SAILING OF MIRAMAR.

New York, July 20.

Steamship North Star, from Southampton 9th inst., arrived to-day, bringing intelligence of the total failure of the Atlantic Telegraph Expedition.

The U S steamship Niagara and H. B. M. steamer Gorgon arrived at Queenstown, Ireland, July 5th, the place of rendezvous upon the failure of the expedition.

H B M steamships Agamemnon and Valorous had not arrived when the North Star left.

The cable parted in the final attempt, on board the Agamemnon, one thousand miles from Ireland.

When one hundred and forty-two miles had been paid out the connection broke.

Great regret was expressed at Liverpool at the failure of the enterprise, and sommon confidence expressed in the excellent working and discipline had on the Niagara.

It is rumored that the Niagara will soon start and sail again for the renewal of the enterprise.

An interesting debate occurred in the House of Lords on promoting Jesuits seats in Parliament.

The Times' correspondence from Italy is interesting, but the news is of no special importance.

The Queen proposes to visit Cherbourg when the great French Naval Review.

Breadstuffs had slightly advanced. The first sugar from Clifton Bears. Provisions unchanged.

Consols 95¼ to 95⅝.

New York Markets.

New York, July 20.

Nothing further was received, owing to an interruption on the line.

Attention, Adopted Citizens!

A GENERAL CONVENTION of the Adopted Citizens of Maine, will be held at PORTLAND, on TUESDAY, the 27th of AUGUST next, at 10 o'clock A. M., at such suitable place as the Portland delegation shall appoint for the purpose of assembling together upon the return of the said several parties of the day before, there and to adopt such measures as may be deemed best calculated to promote their rights as free and independent citizens.

Our Adopted Citizens feel constrained to call this Convention at this time, in order to lay before the people the wrongs and outrages which they have been subjected to in political denial to them of equal political rights, and privileges with their American fellow-citizens. In view of this so unusual at this matter, and in our remonstrance as a large majority of Voting than they have hitherto enjoyed, we respectfully invite all party of the State to unite in the Convention and join in the deliberations.

For order.

JAMES ROBINSON, Secretary.

California Steamers,

Carrying the United States Mail.

5th and 20th of each month.

Through Tickets, including transit of the Isthmus, via Panama R. R.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense.* This is the *only* line giving entire Through Tickets, including *meals*, on the Isthmus,

A pause made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama*, and tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city.

C. J. BARTLETT, Agent,
No. 16 Broad Street, Boston.

August 1, 1857 1y

Portland to Boston.

Summer Arrangement.

The Steamers LEWISTON, Capt. Geo. Knight, and the FOREST CITY, Capt. P. A. Prince will run as follows:

Leave Atlantic Wharf, Port and, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock P. M., and Central Wharf, Boston, every Monday, Tuesday, Wednesday, Thursday, and Friday, at 5 o'clock P. M.

Fare in Cabin, $1 25
Fare on Deck, 1 00

Freight taken as usual.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travelers are reminded that by taking this line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains out of the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

J. BILLINGS, Agent.

June 12, 1857 dtf

American & Foreign Patents.

R. H. EDDY,
Solicitor of Patents,

(Late Agent of U. S. Patent Office, Washington under Act of 1837,)

76 State Street, opposite Kilby st.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with despatch. Research made into American or Foreign works, to interpose the validity or utility of Patents or Inventions—and opinions and advice rendered in all matters touching the same.—Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The testimonials below given prove that none in the SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber, during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of great and standard works, and full acquaintance with the laws of the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, did business at the Patent Office, as the solicitor of procuring patents. There were few, if any, persons associated in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I consider him one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

[From the present Commissioner.]

"At once it will be seen that Mr. Eddy has had the Grand Commissioner of Patents, R. H. Eddy, Esq., to direct him how to effectively engage in the transaction of business with the Office. In addition, he is thoroughly acquainted with the law and the rules and practice of the office. I regard him as one of the most capable and reliable practitioners with whom I have had official intercourse.

CHARLES MASON,
Comm'r of Patents.

American Safety Paper

Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. Office 70 Wall-st.

Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographs and Anilaine Counterfeits, Erasures, Typewriter or Acid tones.

HAVING purchased the Patent for the exclusive right to manufacture and sell the Chemical Paper in America, invented and patented in England by Hans Sloane, a celebrated chemist and officer of the British army. It is hardly necessary to say that the Paper is recommended by M. Soyer, Author of the "Modern Housewife," Lyman of the New York Chemical House and Heads Brothers, extensive and skillful photographers, 248 Broadway, N. Y. The latter say that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—25 cts. per lb.
Bank Bills—$18 per 1000 sheets.
Bills of Exchange—$25 per 1000 sheets.
Promissory Notes—40 cts. per lb.
Sight and Time Drafts—$25 in 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.

For wrapping Silks and other articles it is excellent, as it prevents moths. 140 cts. a lb.

For Indentures and Agreements, 40 cts a lb.

All State and County Records should always be printed or written on this paper, as the chemicals inserted in the pulp do not only prevents erasure or transfer, but make it indelible.

For Northern climates it is excellent, and much superior to any other, as dampness of the climate does not destroy it—the properties inserted in the pulp being preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, the public records can be kept over 20 years, with as little ordinary expense, as the oils and other chemicals inserted in this paper make it indestructible by the ravages of insects. It is also proof against acids, rain and street vermin, which cannot and destroy all other papers now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company No. 70 Wall street, New York.

To Mechanics, Inventors, and Manufacturers.

IN announcing the THIRTEENTH Annual Volume of the SCIENTIFIC AMERICAN, the Publishers respectfully inform the public that in order to increase and stimulate the formation of clubs, they propose to offer

One Thousand Five Hundred Dollars in Cash Premiums,

for the 6 teen largest lists of subscribers sent in by the 1st of January, 1858, said premiums to be distributed as follows—

For the largest list $300; 2d, $250; 3d, $200; 4th, $150; 5th, $100; 6th, $90; 7th, $80; 8th, $70; 9th, $60; 10th, $50; 11th, $40; 12th, $35; 13th, $30; 14th, $25; 15th, $20.

Names of subscribers can be sent in at different times and from different post offices. The cash will be paid to the order of the successful competitors immediately after 10 AM of Jan. 1, 1858.

Southern, Western, and Canada money will be taken for subscriptions. Canadian subscribers will please to remit twenty-six cents *extra* on each year's subscription to pre-pay postage.

Terms of Subscription—Two Dollars a year, or One Dollar for Six Months.

Club Rates—Five Copies; for Six Months, $4; Five Copies for Twelve Months, $8; Ten Copies for Six Months, $8; Ten Copies for Twelve Months, $15; Twenty Copies for Twelve Months, $25.

For all Clubs of Twenty and over the yearly subscription is only $1.40.

The new volume will be printed upon fine paper, with new type.

The general character of the SCIENTIFIC AMERICAN is well known, as it has heretofore, it will be chiefly devoted to the promulgation of information relating to the various *Mechanical and Chemical Arts, Manufactures, Agriculture, Patents, Inventions, Engineering, Mill Work*, and all interests which the Light of Practical Science has contributed to advance. It is issued weekly, in form for binding; it contains annually from 500 to 600 finely executed Engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers.

It is the aim of the Editors of the SCIENTIFIC AMERICAN to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid, fearless manner in considering, and exposing false theories and pretensions in Science and Mechanical matters, and thus preserve the character of the Scientific American as a reliable Encyclopedia of Useful and Entertaining Knowledge.

Specimen copies will be sent gratis to any part of the country. MUNN & CO.,
Publishers and Patent Agents,
128 Fulton-st, New York.

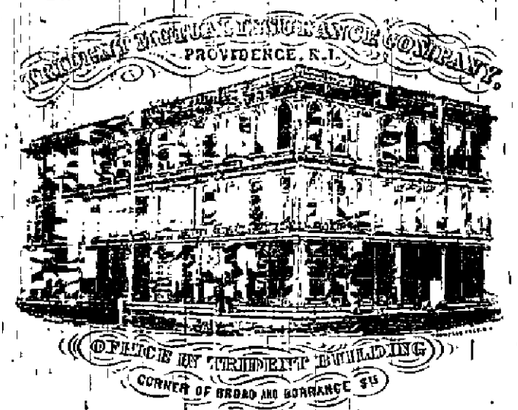
FIRE AND MARINE INSURANCE.



CHARTERED BY LEGISLATURE, JUNE, 1846.

Authorized Capital, $500,000. *Cash Capital paid in and securely invested*, $150,000.

OBED F. MILLER, Secretary. WARD COWING, President.

BOARD OF DIRECTORS—Ward Cowing, William A. Bradford, Samuel B. Darling, Edward B. Peirce, George W. Hall, F. C. Gardiner, Obed F. Miller, Thomas A. Doyle, William B. Ryder, George Cleveland, Philip Ryder.

THIS Company Insures against Loss or Damage by Fire, on Stores, Merchandise, Dwellings, Mills, Manufactories Hotels, &c; also on Marine and Inland Transportation Cargo Risks at the ordinary rates of premium.

Losses Promptly and Equitably Adjusted and Paid.

All premiums are to be specific when Policies are issued, and are to be prepaid in money; and no further assessment in case of loss is to be made on the policies so insured. The advantages of a Stock System, which precludes the possibility of an assessment, are very obvious.

The Board of Directors have authorized the issues of Policies on country risks, detached on very low terms.

The Company expect to deserve the confidence of the public, by doing business on as favorable terms as any other similar institution, and by the utmost fairness and liberality in all their dealings.

Policies granted and succeeds parties effecting Insurance, at once without delay, by the undersigned, at his office.

Bangor, December, 1857

LINCOLN'S WATER PROOF BLACKING AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician.

IS it not a truth that when the feet are often wet, it is one of the greatest causes of colds and consumption? Is it a truth that when leather is often wet and dried, it soon becomes hard, stiff, and cracky; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation from which perfectly harmonizes with the tanning properties with which leather is tanned. It will not only make leather water-proof, but it renders it soft as the leather, and it will

Positively wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet tannery, with my boots constantly in water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

Manufactured by
H. P. LINCOLN,

BEES.

THE LUXURY AND PROFIT OF HONEY MAKING.

Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Dorrs' Patent Bee Hive* for the Counties of Penobscot, Lincoln and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, thus improved, as admitted by persons acquainted with the honey-making business; to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable management of the apiary, by providing for ventilation of the colonies of the room for the exercise and feed of the bees—convenience for the removal of excitement, for the proper separation of the swarms, and generally for the health and comfort of the workers

The bees used in this Hive for storing honey, are the best adapted in their size, for the market, holding from three to six pounds each.

The subscriber wish es to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

For hives, individual rights, &c., address

E. S. TORREY,
Fifth-street, Bangor.

THE LIVER INVIGORATOR

AND LIFE RESTORATIVE,

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbid or bad matter found in the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well; *purifying the blood*, giving tone and health to the whole anatomy, removing the cause of the disease—of fecting a radical cure.

Bilious attacks are cured, and what is better prevented, by the occasional use of the Liver Invigorator.

One dose after resting is sufficient to revive the stomach and prevent the sick from rising and vomiting.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night to clear the bowels, and cures *costiveness*.

One dose taken after each meal will cure *Dyspepsia*.

One dose of two teaspoonfuls with a wine glass of *Sick Headache*.

Only one dose immediately relieves *Colic*, while

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

Price One Dollar per Bottle.
